Thanks. I listened to the hearing. A relatively friendly forum, but I would not bet money on getting money to expand the fracking study.

Hi Kate: In keeping with coordination on HF issues, here's a recent doc prepared by OGWDW, with excerpts from LPJ's recent Senate committee budget hearing testimony. Also, apparently Nancy Stoner is appearing before a House committee on May 31 next week; HF and Pavillion are two issues that OW is preparing her for should questions arise... If you need, I will get copies of what's prepared for her by OGWDW. -dan

Hey Dan - FYI. Budget hearing Q&As if you are interested. Senator Hoeven asks the only diesel related ones.
